U.S. Export Systems (USXPORTS)
USG Modernization Initiate

➤ Senate Committee on USG affairs - Aug 98
  – Inefficiencies among Export agencies
  – Unacceptable Risks in protecting technologies
➤ PBD-289 Commissioned this effort to …
  – Modernize DoD and interfaces to DoC and DoS
  – $30M for 3 years

Concept of Operations - USXPORTS

- ➢ **Management**
  - • **Dedicated representation from DoC, DoD and DoS**
  - • **Independent office**
- ➢ **Staffing**
  - • **Outsourced ... except Management Team**
  - • **Multiple contractors**
- ➢ **Information**
  - • **Model workflow**
  - • **Standardize/normalize shared data**
  - • **Data management is Agency responsibility**
- ➢ **Security**
  - • **Extensive use of access controls, encryption, and firewalls**
  - • **Distribute data to enhance security and promote redundancy**
- ➢ **Implementation**
  - • **Rapid prototyping to Users**
  - • **Agency ownership of data and equipment**
